Delta had quite a wind event yesterday. As well as getting a few new starts their internet is down. This is just the bare bones version to show that there was new activity. Mostly .1 acre started by trees on powerlines.

The fire received 7 smokejumpers today due to a predicted wind event. The Chinook wind put pressure on the north dozer line resulting in isolated torching in spruce.

Equipment continued to work rehab with the indirect line toward Delta Creek fertilized and seeded.

A T2 helicopter was requested for bucket work but was cancelled due to high winds.

Three overhead are planned to be released on 9/4.
