Cooler conditions and light to moderate rain observed over the fire area has given a reprieve to fire fighters. Crews are progressing with direct suppression tactics around the north, west and south flanks tying in with natural barriers. Old burns scars are helping to check up fire progression northeast. Inaccessible terrain to the east is posing difficulty for access for fire fighters. Evacuation orders have been lifted in the Funny River communities. Structure protection efforts are underway for private and public structures east of the fire along the south shore of Skilak Lake, Killey River and the east shore of Tustumena Lake.
