Deltana Volunteer Fire Department responded to a reported structure fire late in the evening. Upon arrival, structure was fully engulfed, with minimal escapement into surrounding wildlands. One Forestry Engine staffed by three personnel went to the fire site today and gridded the areas where the fire had advanced into the woods. Fire spread was hampered by high humidities and wetlands. Several hotspots were found and suppressed. Structure continues to smolder and could potentially pose a risk to wildlands. Fire was placed in monitor status.
