Most tree hazards have been mitigated. The Dozer broke-up the berms in the NE corner, this allowed for crews with support from water tenders to suppress any heat. The head of the fire was cooled. Dozer cleared debris 500 ft. from structures. Dozer was also busy moving slash to open areas to be extinguished. Nearly half the line has been mopped up 50 ft. in. If progress continues, demob is expected on 5/24.
