The fire was reported by Bethel Flight Service as being approximately 10 miles northeast of Bethel, with winds gusting up to 20 mph. Birddog 840AK responded from Palmer, along with J-12 from McGrath. Upon arrival, J-12 sized up the fire as an escaped dump fire, burning into the surrounding grassy areas. Birddog 840AK was rerouted back to Palmer, and J-12 deployed two jumpers. Later in the evening the fire was estimated to be one acre in size, but due to heavy smoke they were unable to get a good size up once they were on the ground. Plans for tomorrow consist of mopping up, and walking the perimeter of the fire. Tentative demobilization is scheduled for 5/18, but could change once the smoke clears and they get a better look at the fire.
