Several motorists called into Tok Forestry to report a new fire that was visible from the Alaska Highway. One engine from Delta and one from Tok were sent to confirm flames were visible from the road. Air Attack was ordered and arrived over the fire. It was reported to be about half an acre and burning in black spruce. Two fire bosses and helicopter 212EV from Fairbanks assisted in hindering the fire from growing. The White Mountain Type 21A Crew arrived and took over the ground effort. The crew will work through the night to complete saw line around the entire perimeter. The fire is about 2.5 miles from the community of Dry Creek. The community is currently not threatened.

Forestry received multiple calls of a fire located at Mile 50 Tok Cutoff, 1/2 mile south of the road. Helicopter 811KA and one engine responded to reported fire. Once on scene, the fire was sized up at 15-20 acres, 80% active burning in continuous black spruce, winds 3-5 out of the west, and active lightning was occurring in the area. Air attack, tankers, helicopter 230, engines, Tanana Chiefs Crew, and type 3 cache kit were requested and responded. T-52 and T-55 dropped 2 loads of water and 2 loads of retardant, while 811KA and 230 did bucket work and crew shuttle for the fire. Plan for the next operational period is to mobilize a restricted helicopter and a Type 2 crew to continue suppression efforts.

Fire personnel in 4MN flew over the fire today at 1500 and reported that there was active fire behavior on the southwest, northeast and southeast portions of the fire. There are multiple interior green pockets cleaning themselves up. Currently the west and southwest flanks are backing at a moderate rate of spread. There is a native allotment two miles to the southwest with good natural barriers between it and the fire's edge.
