 Chuck E. Hill 2/19/15
Fort Wainwright Fire Chief Date

Rationale for Change: Firefighters were forced to move suppression actions on the 2014 100-mile Creek fire and the 1998 Carla Lake fire the north due to the presence of unexploded ordnance (UXO) outside the designated impact areas. This change acknowledges that firefighters are unlikely to suppress fires in the Donnelly Training Area West due to the historic issues with UXO.

The fire management option changes for Donnelly Training Area West/Delta Area
