

Appendix B. Fire Management Plan Annual Review Checklist

5/29/2019

BLM Alaska Fire Management Plan

FMP Approval Date: May 1st, 2018

| Criteria | Yes | No | |
|--|-----|----|--|
| 1. Did landscape characteristics (including Threatened and Endangered Species Habitat) change in any area to the degree that decisions guiding fire management from the LUP or subsequent NEPA would no longer be valid? | | ✓ | |
| 2. Did changes in policies or values at risk alter fire management objectives, priorities, or mitigation measures to the degree that decisions guiding fire management from the LUP or subsequent NEPA would no longer be valid? | | ✓ | |
| 3. Did Land Use Plan (LUP) guidance (such as through LUP revisions) change in a way that would alter FMP strategies or priorities? | | ✓ | |

If all items above have been checked as "no", describe maintenance completed since last review:

- *We are working toward a few enhancements in the ArcGIS online map sheets*

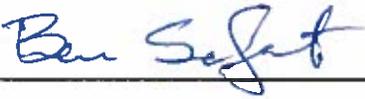

If any items above have been checked "yes" a full plan update and publication of a new FMP is required. Describe actions planned to update the FMP:
