Alaska Wildland Fire Coordinating Group
FUELS MANAGEMENT COMMITTEE
CHARTER

I. Purpose

The purpose of the Fuels Management Committee (FMC) is to provide a forum for statewide coordination to enhance collaboration, efficiencies, and alignment of hazardous fuels and vegetation management projects, prescribed burning activities and community assistance efforts. These programs have a high degree of interagency coordination opportunities. The FMC will provide a focal point and conduit for the Alaska Wildland Fire Coordinating Group’s (AWFCG) participating agencies and collaborators in these opportunities. The FMC will assemble fuels, fire and resource specialists to inform AWFCG member agencies of areas of commonality and provide recommendations to enhance strategic consideration of statewide efforts in these programs.

II. Authority

The FMC is established under the authority of the AWFCG: Memorandum of Understanding Section V.
