Resource Allocation/Long Term Planning: Operations  
IMTs / Crews / SMJ / Aviation

IMT's:

Swan Lake and Shovel will both extend some of their T2 team members to create T3 teams to transition.

Extensions for team members will need to be submitted so AMAC can review and get GACC approval as well.

NR T2 IMT #6 closing out tomorrow at 1700

Crews:

Still showing jetload filled for arrival tomorrow with 5 crews

Rainbow 2 has a critical crew need we are working on

May need another jetload, but not until further out and based on upcoming weather

SMJ:

Declining numbers, mostly timing out and getting back down to their home units

As activity picks up in the lower 48 we will see a continued trend in reduction of SMJ's

Aviation:

Aircraft we have in place now are meeting all our requests

Round Robin by Agency:

BLM / DOF / BIA / FWS / Chugachmiut / USFS / NPS
