

AWFCG - Fire Management Option Boundary or Management Level Change Approval Sheet

Land Manager/Owner(s)

The following land manager(s)/owner(s) have approved fire management option boundary or management level change(s) for the lands that they manage/own.

Timothy A. Valney 02/23/17
Alaska Div. of Forestry Agency Administrator Land Manager/Owner Date
Notification of interested parties completed: ✓ YES NO
 CFO Field Manager 2-21-17
BLM Agency Administrator or Land Manager/Owner Date
Timothy A. Valney DOF Regional Forester 02/23/17
Agency Administrator or Land Manager/Owner Date

Rationale for Change: To change the fire management option for the upper Kashwitna drainage from full protection to modified. This change will conform to the surrounding option. As modified, the area will remain as full protection during the drier, fire prone portion of the season. By mid July the AWFCG will determine when the protection option of modified lands be changed from full protection to limited protection.

The fire management option changes for the Kashwitna River drainage.

Agency/owner or geographic area (if multiple owners)
(i.e. Denali National Park or Minto Flats)

are contained in shapefile format or are delineated on the 1:63,360 maps named:

Shapefile	or	Map(s)
