The State of North Carolina has a 958 acre fire burning in Brunswick County. The fire is burning near Highway 211 which has been closed due to smoke. No other information available.

JUNIPER, Ocala NF - 1,150 acres. The fire was less active due to increased relative humidities and lower winds. Containment expected 8/5.

S: Increased fire activity continued in Arizona, California and Colorado due to persisting dry weather conditions and thunderstorm activity. Twelve Type I crews, 8 airtankers, 1 plane and 3 Type II helicopters have been mobilized to the Southwest, mainly in support of the Tonto NF.

IS: RED FLAG WATCH has been issued for dry thunderstorms and low relative humidity for Nevada, Lake Tahoe and Sierra east slopes. Potential exists for increasing initial and secondary fires due to continued high temperatures and scattered thunderstorms in the West, Great Basin, southern California and Rocky Mountain Areas.
