REMAPPING PLACED THE SUPPRESSION RESPONSIBILITY FOR THIS FIRE WITH TAF, AS PER DAN BURROUGHS. THE FIRE WAS CONTAINED AT 0851. FIRE DEMOBbed AT 1100 HRS AND PLACED UNDER SURVEILLANCE. AST WAS NOTIFIED THAT TAF COULD NOT TAKE FURTHER SUPPRESSION ACTION WITH OUT UNDULY RISKING STAFF DUE TO PRESENCE OF LARGE AMOUNT OF FUMES AND DIESEL SOAKED DUFF SMOLDERING AT SITE. TANKER CONTINUED TO LEAK FUEL AND FUEL CONTINUES TO SOAK ROADSIDE VEGETATION AND SLOWLY WORK DOWNHILL TOWARD CREEK BOTTOM. AT DEMOB THE I.C. ESTIMATED SEVERAL THOUSAND GALS. OF #2 REMAINED SLOWLY SPILLING OUT THE FILL CAP OR VENT. DEC NOTIFICATION WAS BY AST ON 8/5 AND 8/6. AST ALSO TOLD TANKER COMPANY TO CLEAN IT UP.

INCIDENT MANAGEMENT SITUATION REPORT
SUNDAY, AUGUST 7, 1994 - 0700 MDT
NATIONAL PREPAREDNESS LEVEL V

Current Situation: Moderate fire activity occurred, except in the Eastern Great Basin and the Okanogan area's which experienced increased fire activity. One Type I Incident Management Team (Harbour) was mobilized to the Methow Complex in Washington.

Colonel Anthony Palermo USMC, is the Task Force Commander for the Marine contingent assigned to the Tye, Copper Butte and Okanogan Complex/fires. Colonel William T. Maddox USA, is the Task Force Commander for the U.S. Army contingents assigned to the Idaho City and Ninemile Complexes.

The 3/82nd Field Artillery Battalion, 1st Cavalry Division (Lt. Col. Marcus Dudley) will be reassigned from the Ninemile Complex to the East Fork Chamberlin fire today.

Four Blackhawk helicopters from the 4th Battalion, 227 Aviation Regiment, 1st Cavalry Division, Fort Hood Texas are expected to arrive today to support the Idaho City Complex.

Northwest Area Large Fires:

HATCHERY COMPLEX, Wenatchee NF. A Type I Incident Management Team (Porter) and a State Team (Messenbrink) are committed. Five CH-47 helicopters from the 214th Aviation Unit, Fort Lewis, WA. are assigned. The complex is comprised of the HATCHERY, RAT CREEK and LOWER VALLEY fires. The fire made a run in unburned fuel within the line up the west side of Tumwater Mountain, however, when the fire went over the ridge it crossed the line.

OKANOGAN COMPLEX, Okanogan NF. A Type I Incident Management Team (Monahan) and a Type II Incident Management Team (Burdick) are committed. The complex is comprised of the POORMAN, THUNDER, WAR CREEK, BURNT SAW RAINBOW/BOULDER/ BUTTE, and MISC. ABC fires. The War Creek fire experienced increased fire activity and is burning towards the Rainbow/Boulder burn.

TYEE COMPLEX, Wenatchee NF. A Type I Incident Management Team (Wands) is committed. The 5th Battalion, 11th Marine Regiment (Lt. Col. Rick Lindsey, Commander) and the 1st Battalion, 5th Marine Regiment (Lt. Col. Dave Bonwit, Commander) are committed. Richer's Type I Incident Management Team is now managing the Entiat Ridge side of the fire in addition to the Round Mountain fire. The fire stayed within the lines overnight. Concern is for perimeter expansion along the west/southwest sides, which would put the fire into old fire areas with heavy fuel loading. If this occurs structure protection would be needed.

COPPER BUTTE, Colville NF. A Type I Incident Management Team (Eddy) is committed. Three CH-47 helicopters from the B/6-158 Aviation Regiment, USAR, Everett, WA. are committed to the Copper Butte fire and Okanogan Complex. The fire grew in the northeast corner towards Mt. Leona. Upper Lambert Creek remains evacuated with several other areas under alert.

PALMER COMPLEX, Washington State. A Type II Incident Management Team (Templeton) is assigned. The complex is comprised of the SIMILKAMEEM, ELLEMEHAM, TUNK MTN., GRANDVIEW and HOT LAKE fires. The Tunk Mtn. fire was the most active yesterday; however, the threat to structures has been greatly reduced.

KLICKITAT COMPLEX, Yakima Agency, BIA. A Type I Incident Management Team (Meuchel) is committed. This complex is comprised of the McCREEDY, YEDLICK, HUCKLEBERRY and 12 small spot fires.

SNAKE RIVER COMPLEX, Wallowa-Whitman NF. A Type II Incident Management Team (Phenix) is committed. This complex is comprised of the THORN CREEK, RAPID RIVER, TRIANGLE MOUNTAIN,

SADDLE CREEK, HAAS HOLLOW, and SWAMP CREEK fires. The Rapid River fire is burning in sub-alpine fir and was spotting outside the line. An inversion grounded helicopters.

LAKEBEDS, Yakima Agency, BIA. A Type II Incident Management Team (Lukens) is committed. The south branch of the main fire is staffed by the Butler Complex. Some torching and crowning continued in unburned islands inside the perimeter.

BRIDGE CREEK, Ochoco NF. A Type II Incident Management Team (Duke) is committed. The fire is burning in sub-alpine fir and downed lodgepole pine on the boundary of the Bridge Creek Wilderness Area.

INDIAN ROCK, Malheur NF. A Type II Incident Management Team (Lindsey) is committed. The fire is burning in standing and downed, dead lodgepole pine.

STARVATION COMPLEX, Wallowa-Whitman NF. A Type II Incident Management Team (Groshong) is committed. Primary concern is water quality and protecting riparian areas.

METHOW COMPLEX, Okanogan NF. A Type II Incident Management Team (Johnson) is committed. A Type I Incident Management Team (Harbour) is enroute. The fire is threatening subdivisions near the town of Mazama, WA.

Northern Rockies Area Large Fires:

EAST FORK CHAMBERLIN, Montana State. A Type II Incident Management Team (Forrester) is committed. Crews made good progress on the western side of the fire. The acreage did not increase significantly, however, the fire did burn actively all day.

LIVERMORE, Blackfeet Agency, BIA. A Type II Incident Management Team (Danforth) is committed. Despite strong winds all day yesterday, the lines held. Good progress was made on line construction.

TRAIL, Bitterroot NF. A Type II Incident Management Team (Wetzsteon) is committed. A heavy helicopter was very effective at suppressing hotspots and flare-ups. Many spots and fingers remain outside the perimeter.

ST. JOE FIRES, Idaho Panhandle NF. A Type II Incident Management Team (Hart) is committed.

CK CREEK, Charles M. Russell NWR, FWS. The fire made significant runs to the southeast towards the Missouri River.

ELK RIVER COMPLEX, Idaho State. A Type II Incident Management Team (Covin) is committed. Three additional fires were added to the complex, bringing the total to 110 fires. Mop-up is continuing and demobilization will begin today.

NINEMILE COMPLEX, Lolo NF. A Type II Incident Management Team (Bennett) is committed. The 3/82nd Field Artillery Battalion, 1st Calvary Division (Lt. Col. Marcus Dudley) is committed. This Complex is comprised of the BEAVER SLOUGH, SLAUGHTER HOUSE, SQUAW PEAK, BUTLER CREEK, WEST SIX MILE and ROCK CREEK fires. All fires are controlled. The Military Battalion will be reassigned to the East Fork Chamberlin today.

SUPERIOR SUPPORT, Lolo NF. A Type II Incident Management Team (Bosworth) is committed. The SESAME fire and numerous small fires make up this complex. Several fires are being managed by this complex in conjunction with the Superior Ranger District's initial attack program.

PASS CREEK, Idaho Panhandle NF. A Type II Incident Management Team (Kechter) is assigned.

FREEZEOUT, Clearwater NF. Due to concerns for firefighter safety, all personnel were pulled off the line.

ABANDON POINT, Idaho State. The fire is burning near the Selkirk crest in the Priest Lake State Forest. Suppression activities were limited to bucket drops by helicopter. Some snag removal being done in anticipation of the arrival of hand crews.

CRA = Crow Agency BIA

Eastern Great Basin Area Large Fires:

DRY CANYON II, Utah State. The threat to the town of Randolph, UT has passed. Completion of dozer lines is underway. McAtee's Type II team is managing both Dry Canyon and Edgar fires.

EDGAR, Wasatche-Cache NF. A Type II Incident Management Team (McAtee) is committed.

EAST HARKER COMPLEX, Salt Lake City District BLM. A Type II Incident Management Team (Fitzgerald) is committed. This complex is comprised of the EAST HARKER and ERICKSON KNOLL fires. Three mine out building were destroyed. The fire made uphill runs before noon Saturday. Potential for extreme fire behavior remains high.

BLACK WILLOW, Fishlake NF. A Type II Incident Management Team has been ordered. The fire is threatening scattered residences and livestock. Crews were pulled off the line yesterday.

BLACKWELL COMPLEX, Payette NF. A Type I Incident Management Team (Birch) is committed. The complex is comprised of the BLACKWELL and 10 other fires to the north of the Blackwell fire. The fire continues to threaten structures and a recreation area. Erratic winds,

steep slopes and heavy, dead fuels are causing control problems. Five strike teams of engines have been deployed along the east shore road for structure protection. The neighboring Corral Creek fire caused erratic fire behavior on this complex yesterday. A voluntary evacuation of residents on the west side of the fire was requested by the Management Team.

IDAHO CITY COMPLEX, Boise NF. A Type I Incident Management Team (Liebersbach) and a Type II Incident Management Team (Butler) are committed. The 20th Engineer Battalion, 1st Cavalry Division (Lt. Col. Bruce Porter, Commander) is committed. Five Blackhawk helicopters from the 4th Battalion, 227 Aviation Regiment, 1st Cavalry Division are assigned. The Complex consists of the BANNACK FIRE and numerous small fires. Several of the fires have burned together.

STRAIGHT CANYON, Dixie NF. Personnel continue to construct line, some spotting occurred beyond the line. Mop-up has started.

CORRAL CREEK, Payette NF. A Type II Incident Management Team (Barber) is committed. Transitioning to Type I Team (Johnson) has begun. This complex consists of the CORRAL CREEK and the WARM SPRINGS fires. The fire made a major run yesterday.

ELEVATOR CANYON, Burley District, BLM. The fire was contained on August 1, however, erratic fire behavior caused a sloopover resulting in loss of containment. Firefighters were required to withdraw yesterday due to erratic fire behavior.

North Zone - California Large Fires:

CRYSTAL, Tahoe NF. A Type I Incident Management Team (Dougherty) is committed. The USFS and Nevada Department of Forestry are managing under Unified Command. Good progress was made on the northwest portion of the fire. Open line still exists in the rugged terrain on the southwest flank above Interstate 80. This presents a continued threat to structures near Verdi. A voluntary evacuation center is open to provide shelter if needed.

DILLON COMPLEX, Klamath NF. A Type I Incident Management Team (Lee) is committed. This complex is comprised of the JACK/XX/CEDAR, KELSEY/WILLIS, HARRINGTON/DIVIDE and 16 other contained fires. Transition to a Type II Incident Management Team is continuing today and Demobilization is in progress.

Outlook: High pressure remains near the four corners area while the low pressure trough remains off the Pacific Northwest coast. Monsoonal moisture that is circulating around the four corners high pressure will produce scattered afternoon thunderstorms from southern California, east to the Great Basin and into the Southwest Area. The low off the Pacific Northwest coast will bring increasing chances for showers and thundershowers over Washington, Oregon and northern Idaho. The remainder of the west will be mainly sunny. Winds will be generally light, except for local southwest winds 15-25 MPH along ridge tops, especially in the Cascades. Resource shortages and competition for resources are expected to continue.

NORTHERN ALASKA FIRE WEATHER FORECAST FOR SUNDAY, AUGUST 7 1994
 NATIONAL WEATHER SERVICE FAIRBANKS ALASKA
 ISSUED 9:30 AM ADT SUNDAY

WEATHER SYNOPSIS AND MAP DISCUSSION.

The upper ridge that brought record heat to the Interior will continue to keep the Alcan region very warm. To the west, a disturbance has brought moisture inland and areas of rain were occurring across the Galena Zone and southern Tanana Zone this morning. This disturbance will slide northeast and weaken today.

The most unstable air will be over the Upper Yukon Zone and near the Alcan. Surface pressure gradients are increasing and gusty winds will likely develop through the Alaska Range passes, especially from Delta Junction west.

UPPER YUKON ZONE AND NORTHERN REGION

CLDS/WX..Widely scattered thunderstorms near the pipeline from Seven Mile north this morning. Partly sunny with widely scattered thunderstorms redeveloping this afternoon east of Delta and in the Upper Yukon Zone. Mostly cloudy and much cooler west of Fairbanks with some showers.

MAX. TEMP..70 west to upper 80's near the Alcan

MIN. RH..30% east of Delta; 55% west

WIND..Gusty southerly winds 15-25 mph at times from Delta west. Mostly westerly to southwesterly 6-12 mph elsewhere.

TSTMS..Widely scattered east of Delta and in the Upper Yukon Zone.

#D 940807

SOUTHERN ALASKA FIRE WEATHER AND CANADIAN DROUGHT INDEX FORECASTS
 NATIONAL WEATHER SERVICE ANCHORAGE ALASKA
 900AM ADT August 7, 1994 FORECAST FOR TODAY

...WEATHER SYNOPSIS AND MAP DISCUSSION...

WEAKENING RIDGE FROM THE MAT-SU VALLEY SOUTHEASTWARD INTO EASTERN GULF OF ALASKA IS DRIFTING EASTWARD. WEAK LOW CENTER OVER NORTHERN BRISTOL BAY IS SPREADING LOW LEVEL MOISTURE FROM SOUTHWEST ALASKA TO THE RIDGE AXIS. A WEAKENING FRONT OVER THE EASTERN BERING SEA WILL DRIFT ONSHORE TONIGHT MERGING WITH THE WEAK LOW CENTER OVER SOUTHWEST ALASKA. LOW LEVEL MOISTURE WILL REMAIN WEST OF THE RIDGE AXIS BUT WILL SPREAD TO SOUTH CENTRAL ALASKA TONIGHT. COPPER RIVER BASIN REMAINS UNDER THE INFLUENCE OF THE RIDGE THROUGH MONDAY. CONDITIONS REMAIN UNSTABLE OVER MOST OF THE INTERIOR OF THE STATE AND EXTENDS SOUTHWARD INTO THE NORTHERN PORTIONS OF THE COPPER RIVER BASIN FOR CHANCE OF AFTERNOON AND EVENING THUNDERSTORMS TODAY.
