Narrative: Fire is spreading and only 20% contained. Suppression efforts hampered by 20 mph winds, dry fuels, and continued low RHs. Dropped 8 SMJs on east flank slopover. That flank is now contained from an anchor point to Tolovana River. Those SMJs were quickly demobed at 2000 to be IA-ready 5/29. The fire's west flank is closely monitored for any sign of a run at the Elliott Hwy to Minto. Isolated cabin protection out ahead of the fire was also conducted today. The 8 SMJs at the Hot Springs will be demobed at 1400 5/29. Fire aviation frequencies were changed and the TFR over the fire's airspace is still in effect. Staffing is now 7 EFF Tpye 2 crews, 1 IHC, 13 overhead, 8 SMJs, and 3 light helicopters. Alaska State Troopers confirm that at 0400 on 5/29 there will be a 24-hr road closure for bridge work at Mile Post 45 of the Elliott Hwy unrelated to current fire activity.

Narrative: This fire was reported on 5/23 at 1645 by Oscar Hoyem, landowner. Dispatched Helitack, engines, retardant and air support module. Fire was burning in white spruce, grass, brush, willow and pockets of black spruce. A neighbor's cabin was in danger. Extreme, erratic fire behavior throughout the night and lack of aircraft resources for crew movement hampered suppression. Several outbuildings and a home were destroyed. On 5/24 at 1649, the fire was estimated to be over 3000 acres, 2 miles long, 1/2 mile from the road, 100% active and very aggressive. On 5/25 Chena Hot Springs Road was closed except for emergency traffic. The fire spotted across Chena Hot Springs Road at about 53 mile. 5/26 - continued hot, dry weather spread the fire; containment efforts concentrated in the area where structures were threatened. Fire was at 9500 acres. 5/27 - Cooler temperatures and slightly higher humidities slowed the spread of the fire now estimated at 14,430 acres. 5/28 - Helicopter water drops were used to support the structure protection. Road closure was relocated to 39.5 mile Chena Hot Springs Rd. at Granite Tors due to thick smoke hampering visibility along road. Fire is now at 19,200 acres.IC Jandt + 313.
