Narrative: Nine additional IA personnel were assigned to the fire for the completion of cabin protection. Mop up progressed to 100` in from H-25 to H-3, and the Denali Type 1 crew is ordered for later today. The fire continues creeping, smoldering, & deep burning. Clearing skies and warmer weather are expected to increase the fire`s behavior during the next operational period. The PIO provided fire updates for increased boat traffic today. For the next operational period, resources will continue to mop up and secure cabins in the North sector (from H-25 to H-3). Defensible space creation will be an ongoing task.
