Narrative: Fire fighters worked at cutting in a saw line through areas of considerable blow-down to protect allotments. They still have 1/2 mile of saw line to cut. At 2130 Zone detection reported a 51/2 x 1 mile area on the northeast side of the fire that was 100% active burning to the northeast toward the Little Dall River. Late afternoon winds caused slop-overs that stopped line cutting when personnel had to contain and mop up the spots.
