Narrative: Three spot fires totaling less than 1/2 acre were contained from yesterday's burnout operation in Division India. Structure protection measures were maintained throughout the Central, Alaska and Circle Hot Springs developed areas, and at numerous isolated residences, north and south of the Steese Highway. Snag hazard abatement and mudslide repair along the Steese Highway continued. Mop-up and cold trailing were still occurring in Divisions Charlie, Echo, Foxtrot, Gulf and India. Back hauling of equipment continued in areas where the line constriction, cold trailing and mop-up were completed. Burnout in the northeast side of Division India (area northeast of the road accessing Porcupine Creek drainage) was in progress at the time of this report. Travel restrictions and pilot cars were used to shuttle traffic through the burnout area on Steese Highway between Eagle Summit and Mammoth Creek. Personnel assigned to Central Complex (Bolgen Creek is the major component): 618.

Narrative: The jumpers and Venetie crew worked at holding the fire on the east side of Kocacho Creek. Helicopter N847AL assisted with bucket work in the holding action. A CL-215 was requested but a wind shift force it to turn back. The predicted strong winds came up in the afternoon but were more easterly than from the north which kept the fire from running directly at the line and aided in the holding efforts.

Narrative: Fire personnel continue to patrol in areas near Haystack Subdivision and the Steese Highway. The portion of the Boundary fire near the headwaters of the Little Chena River and north of Chena Dome continues to burn actively, though moderately today due to smoky conditions and higher humidities. Fire personnel are monitoring and taking tactical action as the fire moves toward natural containment lines. Smoke continues to hamper aviation support and therefore efforts to mobilize additional firefighting resources. The fire is currently within 1/2 mile of the contingency (dozer) line near the Chena Dome. 7 personnel assigned.
