Narrative: Completed systematic mop-up and structure protection on the Homestead Road. Removed hose from all but one structure in the Quartz Creek area. Hand crews mopped up (100 feet in) between Steese Highway and Birch Creek at Mile Marker 142.25 to protect Native Allotment in Section 34. Engines patrolled Steese Highway from Eagle Summit to 12 Mile Bridge. Excavator began rehab on dozer line near Circle Hot Springs subdivision until mechanical failure ended the operation for the day. Rehab of section of line on Pioneers of Alaska property was evaluated for feasibility of rehab by hand crew. Aerial recon of perimeters of Bolgen 2 and Central Complex including Wolf Creek was completed. Snag hazard abatement along Steese Highway continued. Public interest is declining as smoke clears and fire danger is less imminent. Personnel assigned to Central Complex (Bolgen Creek is the major component): 101.
