Narrative: The Yukon Crew and the Ft. Yukon Crew continue to secure the allotment area near the confluence of the Porcupine and Sheenjek River. Mapping and surveillance of the entire fire perimeter revealed growth on the norther section. There was no significant activity along the SW perimeter from H120 to H81. Fire # 210 also assisted fire # 338 with helicopter support for the demob of 2 crews. 15S was released from the incident to UYT for reassignment. Remaining helicopters 4WW and 7 AL will be common resources for fire # 338 and fire # 210. Given the winds seen 7/5, expected growth potential along the northern section of the fire is high,
