 Narrative: The fire backed into the head of Excelsior Creek and portions of Mission Creek. The crews contained a 4 acre spot fire today. Single tree and group torching was observed. Winds changed and the fire became partially smoked in making visibility a safety factor. Continued mop up occurred on Division X on the spot fire and up from the creek. In division W a check line was constructed to reduce the chance of the fire burning into a full suppression designated area. Tough terrain and lack of water sources will continue to significantly hinder control efforts.
