Narrative: Fire activity was moderate with only creeping smoldering and some single tree torching. Further information about the helicopter precautionary landing yesterday: Helicopter (Bell 205 A-1++) experienced an apparent compressor stall, but was able to make a soft landing under power. After agency notifications, the ship was ground run, then "taxied" to the helibase. Eagle airport was then reopened. A successful burnout was conducted at Liberty structure. Crews will continue to pull hose and equipment from Div B, C & D. Crews and engines will also continue to hold the burnout and protect the structures in support of the structure protection plan. The fire is still backing through dry fuels toward the Taylor Hwy. between mile markers 141-132 and in the Dome Creek drainage.
