# 597 Name: **False Alarm #13?** Cause: **Human** Admin:

Narrative: Alaska State Troopers called forestry requesting assistance with a motorhome fire on Petersville Road. AST reported the people on location said fire was spreading into the wildlands. One forestry engine responded and when on location found a motorhome burned down to the axels with a few remaining molten hot spots. The engine crew also found some scorched brush but nothing to the extent of the first report. The engine crew deployed a hoselay and foamed the remains of the motorhome to prevent and further escapement. Forestry remained on location until the wrecker arrived. No injuries. The fire was declared out at 11:42.

# 594 Name: **11 Mile** Cause: **Human** Admin: **FOR**

Narrative: Fire started Saturday 8/13. Report came into Haines Dispatch of a fire at 11 mile Haines Highway. Fire was burning intensely and torching trees and fairly small at this time. Requested a helicopter and bucket from Skagway and VFD assistance. Helicopter arrived and dropped buckets on the east flank near a structure. Sunday continued with bucket drops on the east flank and on the lower edge of the fire as it had moved downhill to within 100' of the Haines Highway. Fire was stopped near the structure and the line was being strengthened. A non perm crew arrived. Fire is estimated at 30 acres and is still burning and moving uphill in pine timber near the top and west flanks. No structures or commercial timber is threatened in these areas. This fire is currently burning in steep rugged terrain. 70% + slopes intermixed with cliffs. Cooler temperatures and higher humidity this morning should reduce the intensity of the fire today. Estimate 20 personnel staffing this fire.

Narrative: This fire was reported to state dispatch at 21:37 on 7/13. Due to the time (civil twilight), and the location (off the road system), forestry was unable to respond to this incident until 7/14. Due to the location and having a lot of summer and year round residences and also the Bentatlit Lodge, local folks initial attacked this fire burning on a steep slope on the Yetna River. The owner of the Bentatlit Lodge and a landowner with a boat informed dispatch of the progress in suppressing this fire. A total of close to 11 people in 2 boats with 2 water pumps deployed a 6" hoselay from the Yentna River and suppressed the fire burning in Black Spruce and hardwoods. Locals worked till 02:00 the morning of 7/14 then were back at it at 07:00. Forestry helitack departed Palmer when the weather lifted at 13:37 to recon this fire but turned back due to heavy fog north of Walilla. Helitack responded again at 17:19 and arrived at the fire location at 18:11. Helitack located this fire area, less than 1/10 ac., and found no smoke. The fire was placed in monitor status. A local resident called forestry at 20:06 7/14 to let us know fire was checked and one small hot spot was extinguished with hoselay and hand tools. The fire will be checked 7/15.

 # 488 Name: **32 mile Fire** Cause: Human Admin: FOR  
 Narrative: Fire has been quiet and no smoke UNTIL Friday afternoon 8/12, when the fire kicked up and began burning more intensely and moving to the west. Requested a helicopter from Haines and tanker drops for the fire. Sunday 8/14 fire had moved to the west into a steep slope that ran into a creek with heavy timber. The creek is a water source for 5 residences down stream. The objective is to keep the fire out of heavy timber in the creek bottom and away from the structures lower down. More retardant was dropped as well as bucket drops. At this time no crews are on the ground. This fire is burning in steep rugged terrain. 70%+ slopes intermixed with Cliffs.
