Staffed - DOF

611307 Lat: **64:22:00** Status: **S/U** Acres: **179.0** Option: **FULL**
 Lon: **149:26:00** Personnel: **42** Start Date: **7/5/06** Area: **FAS**
 Legal: **006S 009W 30 F** Out Date: Owner: **STA**
307 Name: **Teklanika** Cause: **Lightning** Admin: **L&W**

Narrative: High brush, tussocks, and very difficult terrain hampered containment efforts. Helicopters and personnel have been critical needs since the start of this fire. Observed fire behavior was creeping and smoldering. Scattered showers and higher RHs enabled the IA squads to work the hottest areas of the fire along the eastern and northern perimeter. Helicopters shuttled in a crew, supplies, and sling loads to move the camp from the south end of the fire to the north end. A large pump show and hoselay was set up to support containment efforts on the East flank and and northeast area of the head. Plans to contain the east and northern perimeter with hose lays and bucket support have been made. Personnel want to keep the fire within the creek boundaries. The line may be tested, with the forecast of strong winds out of the west. The Teklanika River and cabins are 2.3 miles away to the east and north.
