Narrative: NPS personnel on a resource mission flew over the fire and no smoke was visible at 1300. It remains in monitor status.

Staffed - DOF
Due to lower temperatures and higher RH values, the fire has slowed in growth. The fire has been mapped and the acreage has been adjusted to 34.9 acres. One crew (Delta #2) began suppression activity and two other crews were mobilized. A human repeater was established and communication from the fire to Delta Forestry was made possible.

Delta #2 T2 5/27
Fairbanks #1 T2 5/27

N7426l checked the fire today and found it still 100% active with crowing and torching in black spruce. Demobilization was postponed for the Smoke Jumpers so additional structure protection measures could be taken. Scheduled for demobe today.
