The complex includes fires 314 Little Black 1, 496 Bluff Creek, 497 Jagged Creek, and 489 Puzzle Gulch. Fire behavior today included running, group torching and spotting up to 1/4 mile. Crews burned out along the Steese Highway to secure sections of the fire line between Mileposts 150 to 157. Crews also continued to focus on structure protection in and around Circle City. The 14 Mile Fire was discovered approximately 10 miles south of Circle City. Personnel were flown out to the Jagged Ridge Fire to try and update the fire perimeter.

Narrative: (State / 433717 ac - NCA /27979 ac. - BIA / 600) Fire behavior activity dictated that T1 and T2 IA crews be used to contain spots along the Eastern flank near critical resources. Spotting occurred on islands in the Tanana River. Crews continued to find spots along the Teklanika River. Mixed hardwoods/ spruce and grasses were displaying 5-7' flame lengths with ROS 2 Ch/HR. Black Spruce produced running and torching with 30-50' flame lengths with ROS 15 Ch/Hr. Crews continued to mop-up 300' around structures at Totek Lake and Dune Lake. Div E and G resources completed direct line. Div H resources started direct attack activities both North and South of the Arctic Wolf Drilling Site. Div I crews continued to secure the perimeter and find spots East of the Telanika River. Aerial resources continued to support all divisions. Containment of spot fires along the Teklanika River and the slop over in Div H will continue to be priority.
