<td>The fire was flown today by N909AK. There were six or seven smokes and open flames on the fire near the landslide area. It remains in Monitor status.</td>
</tr>
</tbody>
</table>
The fire was called administratively out on 9/06/09.

Fire was flown by N909AK today. There were no smokes visible and the fire was called Administratively contained, controlled, and out at 1040.

This fire was called administratively out on 9/06/09.

Fire was flown by N909AK. There were still numerous smokes on the interior of the fire and one on the northwest perimeter, no flames were observed. There are no resources threatened and given the seasonal conditions this fire was called Administratively contained, controlled and out as of 1145.

The fire was flown today by N909AK. There were three interior smokes northeast of Appel Mountain. The perimeter of the fire is cold. Due to seasonal conditions and lack of fire activity this fire was declared Administratively out at 1200.

The fire was flown by N909AK. There were numerous smokes on the west side of the fire surrounded by green. Twenty to thirty interior smokes were visible at the west end where the fire jumped the North Fork of the Kuskokwim River. There were no smokes near the village of Telida. Due to the lack of threat to resources and the seasonal conditions this fire was declared Administratively contained, controlled and out at 1630.
