The fire weather condition increased to cause large fire growth from winds, low humidity, and warm temperatures. Today the fire increased in size to 2300 acres. Retardent was used but the fire was not controllable because of lack of crews to hold. The strategic plan is to pull forces back and go to a point protection plan. A type 3 organization will be in place starting tomorrow. A type two operations section chief was ordered as well as a public information officer. TSG ordered bulk LC retardent to replenish the capability of IA stock. Continued monitoring, surveillance, and site point protection is anticipated. The fire is 1.9 miles from the Alaska Highway.
