Lower temperatures and higher humidity helped moderate fire activity. Crews continued to secure fire edge on southern flank. Structure assessments and equipment set-up of values at risk between mile post 1282 and Beaver Creek on Alaska Highway (AK 2) were completed. Logistics functions and helibase established in Northway. Excess equipment was released. The fire received precipitation.

Plans for next operational period include working east as crews secure southern edge, new division breaks will be established, and excess equipment will continue to be released.
