The fire was reported by personnel at a near by mine who also informed dispatch that there was a cabin in the vicinity. Detection aircraft N1010F was diverted from his mission and upon arrival confirmed that a structure with five people was immediately threatened. J-07 launched from McGrath and deployed 8 jumpers. Positive communication was established with the IC, and he reported the fire to be 8 acres with the one structure threatened. The fire was creeping and torching in sparse black spruce and tundra. The area had received some moisture with the storm, so spread potential is moderate. Jumpers will put hose lay in place around the structure, and continue to attack the fire direct.
