The fire was reported by a private pilot. Air Attack 999FG and helitack 973 responded. Upon arrival Air Attack reported a one acre fire burning in mixed hardwoods and spruce with one road accessible cabin imminently threatened and multiple other cabins in the vicinity. Two Forestry engines responded and a load of retardant was requested. The helitack crew walked into the fire while 973 worked the fire with buckets. Due to duty day limitations, T-44 was unable to drop. The fire was burning very deep and personnel worked into the early morning to secure the line. Containment is estimated for the afternoon of 6/26. The fire was caused by a debris burn that appeared to have been burning for quite some time.

Personnel in surveillance aircraft N40HU reported the fire had blown out on the north side of the fire. The 100% active fire was burning in the valley bottom. The fire was being driven by a northerly wind. Air Attack B-7, T-891, T-264, T-262 all responded to this fire with several water drops until they were diverted to higher priority incidents. The military responded with two fire engines. Later in the evening T-267 responded from Bettles for several water drops. Military operations were shut down due to fire activity and military resources are threatened. Aerial resources have been ordered for 6/26. Personnel will continue to monitor the fire, prepare for burnout operations, and utilize aerial resources to accomplish the objectives.
