Legal: 32N 6E 32 S Out Date:
#417 Owner: NCA Admin: Ciri Corporation
Name: **Wantana** Cause: Lightning

The fire was reported by a private pilot as two to three acres burning near the confluence of the Susitna River and Wantana Creek. Air Attack 9FG and helitack 973 were dispatched. 973 developed mechanical problems and diverted to Willow. Upon arrival of Air Attack the fire was 40 acres, running and creeping in black spruce with continuous fuels. H-70NW, helitack 212TH from Kenai, tankers and smokejumpers were requested and responded. 212TH developed mechanical problems and returned to Palmer. T-45 delivered one load of retardant and J-07 delivered 6 smokejumpers. While J-07 was in jump operations, the fire began to receive heavy precipitation and additional tanker drops were cancelled. Heavy precipitation received on the fire. Due to the lateness of the day along with the heavy precipitation, the smokejumpers initiated minimal suppression activities.

Legal: 17N 4W 12 S Out Date:
#407 Owner: PRI Admin: PRI-Private
Name: **Horseshoe Lake** Cause: Human

The fire was reported by Palmer 911 as a growing brush fire. Two forestry engines, helitack 973, forestry prevention, and Lakes FD responded. Lakes FD arrived on scene first and was able to get a hose lay around the fire to knock it down. Helitack 973 arrived at the fire, but was no longer needed and was, therefore, released upon arrival of one forestry engine. The other forestry engine was code greened. The fire was smoldering at 0.2 acres in slash and old burn. Prevention arrived on scene to do an investigation of the fire; the cause is undetermined. The personnel of the forestry engine did extensive mop up of the fire, calling it contained and controlled. The fire will remain in monitor status due to heavy concentration of fuels and deep burn.

The fire was burning in the river valley. It was most active on the eastern flank. Air Attack B-7, T-264, T-262 and T-267 responded to this fire with several water drops. N40HU reconned the fire later in the evening. The fire is wind driven, continuing to creep through hardwoods. The plan for tomorrow is to monitor progress toward the ridgetop road system and to establish site protection.

Extreme fire behavior and heavy resistance to control were observed. The fire continues to grow spurred by Red Flag weather conditions and extreme fire indices. Closure of the Parks Highway in effect in the fire area. At time time of report personnel were engaged in a backfiring operation on the North side of the Parks Highway. Tomorrow a contingency line will be put in place and a combination of direct and indirect strategies will be supported heavily from the air.

Fire slowly moving SE. Action is being taken at 2 sites on the eastern tip of the fire. Firefighters secured the cabin near the middle of the Wild Bill runway as the fire burned by. There is still 1 mile of unburned fuel between the fire and the house North of the runway. SMJ's are prepping 3 cabins and 3 outbuildings on a lake south of the runway. The fire is still 1.5 miles away from this site. Moderate fire behavior observed today, creeping with single tree torching and very light precip around 1700. Firefighters will continue with structure protection 6/27.

The fire spotted south across the Stony River 5.5 miles upriver (E) from Lime Village this evening. Detection reported that this was influenced by outflow from a nearby thunderstorm. Air tankers were initially ordered and then cancelled. A crew supported by 2 helicopters with buckets was unable to catch the new spot fire on the S side (Lime Village side) of the river. The Midnight Suns worked on improving the contingency line west of Lime Village and the Shageluk Crew completed prepping the primary contingency line N of the village. 7 of the 8 SMJ's came off the fire today and the remaining jumper stayed as a STL to work with Winema IHC plumbing remote cabins 10 miles upriver from Lime Village. This fire has gained 90,000 acres in the last 3 days.

Forestry personnel worked the fire today, confirming the size at 1.3 acres. A 50' perimeter was made around the fire with a few interior smokes found. One engine was released and returned to base. Helicopter 973 shuttled the short squad out to the fire with some supplies. There were some erratic winds on the fire when a thunderstorm moved through. The IC called the fire contained at 2000 and controlled at 2200. The personnel plan to do a final grid on the fire in the morning of 6/27, and demob the remaining personnel if no hot spots are found.
