	Name: Stuart Creek 2		Cause: Human	

As inclement weather moved into the area, some lightning strikes were observed in and around the fire. Aviation resources had to withdraw early from the fire as rain and clouds became a hazard. The fire remained active throughout the night and moderated in the late morning. Significant progress was made in direct hand and dozer line construction as weather moderated fire behavior. It is anticipated that a large portion on the southwest area of the fire will be considered contained tomorrow evening after mop up and line strengthening is completed. The Evacuation Order was rescinded for those residents evacuated from the communities of Two Rivers and Pleasant Valley. The Evacuation Watch was reestablished for those communities.

 Name: **Tetlin Jct Ridge** Cause: Lightning

Rain over the fire area moderated fire behavior and also restricted access along roads and dozer lines. Crews secured the west and northwest flanks. Fire is approximately 30% contained and continues to be managed by the Alaska IMT.
 (Crews working on this fire are shown in list on 401 Moon Lake.)

Daily Report From: 07/08

 Name: **Moon Lake** Cause: Lightning

Fire received rain which moderated fire behavior. Areas of heavy blowdown continue to make containment efforts difficult. Crews continue prepping structures at Mansfield Lake Village. Sawline was plumbed to prepare for burnout operation to contain the NW corner. Crews assessed securing direct line near Cathedral Bluff and along the Tanana River. Smokejumpers continue to secure line along the northeast perimeter.
