 Name: **Mississippi** Cause: Human

Multiple spots and slopovers reported from yesterdays winds. The biggest spot off of Div A (right flank-south side) at ~200 acres. It is expected to take 3 days of dozer work to work the berms and improve the line. Div B (left flank) is expected to take 2 days of dozer work to strengthen the line. On the far north of the fire the main effort is taking place with the Delta handcrew and an excavator. The fire here is against the Richardson/Clearwater head waters and will require mainly handwork. There are numerous spots not yet evaluated. The fire did receive some light drizzle and snow.
