Abandoned campfire was reported to KKS' Homer office around 1500. Resources hiked in, reported the fire to be 10 X 10 and extinguished it within the hour. Fire declared out. No fire weather indicies; it's a little too early in the season.

The fire was checked by two forestry personnel. No active fire was found in the wildland portion. The log structure was still smoldering with the wind carrying a few hot embers. The embers have a small potential of re-igniting the woods. Therefore monitoring will continue.
