 Name: **Six Mile** Cause: Human

Today personnel worked to secure the perimeter of the fire, achieving 100% containment by the end of shift. Intermittent rain and wind permeated the area diminishing fire activity and aiding suppression efforts. Zone aircraft N9011N flew an aerial recon of the fire. No further resources were needed and tomorrow personnel will continue to mop-up, work interior hotspots, grid and establish a helispot. At this time personnel anticipate demobilization will occur sometime on Tuesday, weather permitting. No change in acreage.

Continued precipitation saturated available fuels in the fire area again today. Isolated pockets of sheltered fuels may continue to hold heat away from most areas of concern. Crews are utilizing Palm IRs to identify areas of heat. Excess crews and equipment are being released as incident management objectives are met. Drier conditions and a warming trend is expected over the fire area through the next few days.

Assigned Crews:

Helicopters 16920, 399EH, 911CV and 212HL provided support to the fire along with Aerial Supervision Module A-4, T-262 and T-264. The Midnight Sun IHC and the North Star handcrew arrived at the fire today. Crews and aerial resources assisted in securing OP sites 26 and 27 with hand and aerial firing operations. Personnel continue monitoring to meet site protection objectives. Scoopers aided efforts by slowing a backing portion of the fire with water drops which allowed the firing operation to occur. Fire behavior experienced in the area today ranged from extreme to moderate as cooler conditions pervaded. Tomorrow crews will begin direct line construction on the northwest side of the fire from Little Delta to the old Mississippi burn. Acreage increase due to more accurate mapping.

Assigned Crews: Assigned:

Midnight Sun IHC 6/1
 North Star Type 2 6/1
 White Mountain Type 21A 6/2

5/31/14- Tok Forestry Dispatch received a call from AST to report a tree on the powerline. One engine T-61 responded to Scoby and W Willow. Upon arrival personnel discovered that the powerline had ignited a fallen tree and started a small ground fire. Engine called Forestry to have Alaska Power & Telephone cut the power off so they can take immediate action. AP&T arrived and turned off the power. Personnel took action of cold trailing and was not hot.

6/1/14- One engine T-61 with 4 personnel checked the fire, cold trailed the burnt debris, found no heat or smoke. T-61 at 1859 called the fire controlled and contained. Will check on the fire on 6/2/14.

5/31 Resident from Dry Creek community called Delta Forestry to report a fire in the area. Delta dispatched a engine D-41. Engine was on scene 1605. Delta forestry called Tok Forestry dispatch to report the fire to be in the Tok Area Management. Tok then dispatched 7PA to incident. Upon arrival 7PA and D-41 made contact via tactical air to ground. D-41 pulled back personnel from incident due to toxic fumes. 7PA then performed bucket drops. The fire was then turned over to local people.
