The fire was reported from a private party as a grass/tundra fire smoking on a mountainside. One forestry engine and air attack 840AK responded. Upon arrival of 840AK, they found the fire to be rank 2, smoldering and creeping on the mountain. 840AK was released and the personnel from the engine hiked into the fire. The fire was still smoldering at 0.5 acres when they got to it and the Victory Fire Department had put in line around the south end of the fire. Personnel finished building line around the fire and remained overnight. Tentative plan tomorrow is to mop up and monitor the fire.
