The fire had no increase in acreage, but due to more accurate mapping, the current size is 3.5 acres, not 3.7 like previously reported. Fire activity was minimal, creeping, with occasional 1' flame lengths. Helicopter 3NP was utilized again today for bucket operations and one person was demobed at end of shift. The tentative plan for tomorrow is to patrol and monitor areas that need to be checked over and then possible demobilization of remaining resources.
