Soldotna State Troopers requested Forestry to respond to reported trees on fire in the area of Nikolaevsk Road, about 1 to 1/2 an acre in size. Two engines from the Homer station were dispatched along with one engine from Soldotna, Prevention, helicopter 212TH, ASM A-4 and T-55. Pioneer Peak T1 Crew was ordered and filled with a Gannett Glacier squad of 10, due to engagement with RX burn. Engines from Kachemak Emergency Services (KESA) along with Anchor Point Volunteer Fire Department also responded, as did Alaska State Troopers, who early on were evacuating residents on nearby street. Upon arrival the Homer engine sized the fire to be about 2 acres, with 3 foot flame lengths and rank 2-3. T-55 dropped one load of retardant at the head of the fire, and IC released tanker and ASM. Fire was contained at 5.1 acres. IC + 11

An individual reported berm piles putting up smoke on Main Street USA. One Forestry Engine responded. Once on scene they found four berm piles, with escapment into the surrounding grasses. Upon size-up, a second Forestry Engine responded to assist. The landowner was contacted and brought his loader to flip the piles so water applied was more effective as the fire was burning very deep. The fire was turned over to the landowner and called out.
