The fire was spotted by a Prevention unit on patrol in the area. Helitack 633 and ASM-A-4 were requested to respond. Upon arrival of helitack 633 they found a 10 acre fire burning in black spruce and grass. Tankers were requested as well as the White Mountain crew and two short squads. Helicopter 633 was released after doing some bucket work and helicopter 920 was ordered to replace him. Personnel worked on putting line all the way around the fire. The tentative plan for tomorrow is to demobilize the smoke jumpers and continue monitoring line around the fire while working the inside as well.

Tomorrow they will consolidate all the supplies and pull hose for a Wednesday demobilization. The fire has pockets of significant heat, and with warm, dry and windy weather, it will continue moving to the NW, however the allotment should be secure.
