Helitack 973 and one Forestry engine first responded to this fire with Air Attack and Retardent ordered. Upon arrival of helicopter 973 the fire was at 2 acres and growing rapidly. Multiple apparatus responded from Lakes FD and Central FD as well as helicopter 212TH from Kenai, Pioneer Peak IHC, Midnight Sun IHC, Yukon T2IA crew, White Mountain T2IA crew, as well as tankers T-55, T-260, T-10, and firebosses T-849, T-851, and T-853.

The fire continued to grow and jumped the Parks Highway. Evacuation notices were completed from milepost 63 to milepost 78 of the Parks Highway and the highway was closed for most of the day due to the amount of fire apparatus in the area as well as the overall fire behavior. There were 25 primary structures lost as well as 10-20 secondary structures lost North of Kashwitna Lake.

Five hotshot crews have been ordered from the Lower 48 and a Type 2 Team has also been ordered.

The current size of the fire is approximately 6500 acres.

The tentative plan for the next operational period is to get resources ordered in place on the fire and get the Type 2 Team in place.

Fire activity increased today especially along the Northern and Southern end of the fire. Single tree torching and more sustained backing was observed. There is a high probability of significant fire activity tomorrow due to high pressure system that is creating hotter and drier conditions over the area. A type 3 helicopter assisted fire personnel in the delivery of a weather station. Also, more structure protection was performed on cabins threatened by the fire. Tomorrow the plan is to move the IC to the community of Chisana while monitoring the growth and spread of the fire.
