Palmer 911 reported an escaped burn pile. The fire plotted in critical suppression management area and it was determined that action needed to be taken. Engine M-75 responded and contained and controlled the fire at 2021. The fire was approximately .1 acres in size, burning in grass and spruce. The fire was called out at 2035. A second human caused fire was reported at the same location in a private residence front yard that progressively spread to a tree. Engine M-66, M-75 and Brush-31 arrived on scene at 2123. The fire was reported as a single tree .1 acre fire that had to be taken down. The fire was contained, controlled, and reported out at 2214. The two fires were combined due to the location of the fires on a single residential property.

Fire was reported by range control, upon arrival fire personnel saw 1/8 acre fire burning within the Cal Fax impact area. H-516LE performed a reconnaissance of the fire and it was determined to use H-16920 with buckets to help keep this fire in check due to the proximity of the impact area. The military also responded with a Blackhawk for bucket work as well.

Zone aircraft N114MN spotted the fire while flying into Huslia to hire resources for a fire in Tok. The initial report was 1/2 acre in white spruce and brush, smoldering and creeping. The fire plotted in Full management option, bordering on Critical. One load of smokejumpers and zone helicopter N361EH were requested. Four smokejumpers were deployed and began working the fire. There was no change in the status of the fire from the initial size up, and the IC felt they would have the fire buttoned up by the next operational period.

#292	Owner: Tribal	Unit: AKCIN-Cook Inlet Region, Incorporated		
	Name: Card Street		Cause: Human	

At 13:52 Alaska State Troopers received report of an acre of land burning in the area of Card Street, Feuding Lane, and Aspen Avenue and notified Forestry. Forestry responded with engines K-63, K-66, K-67, K-71, K-72, K-73, and helicopter 306MH. Local fire department's numerous apparatus responded to the area of Feuding Lane and Aspen Avenue. Air Attack and tankers were ordered, as well as call when needed ship 307MH. Evacuations took place at Feuding Lane, Card Street and in the Kenai Keyes subdivision. Fire personnel worked on structure protection. The fire spotted across the Kenai River, causing the areas of Dow Island and Salmon Run to also be evacuated. Forest Service Engine FC1 and K-73, along with 5 Central Emergency Services engines, positioned themselves along Funny River Road and dealt with the spot fires. A load of smokejumpers worked critical spots, protecting structures along the Kenai River utilizing a boat. A park ranger patrolled the river via boat and watching for spot fires, also doing structure protection as needed. A/A reported that the retardant line got as close as possible to the Kenai River. Feuding Lane was bisected by retardant. Later in the evening, a wind shift moved the fire to the east pushing it into wetlands. The wind shift was a huge assist for structure protection. Personnel worked through the night on the west flank, laying hose at the tail of the fire along the north end, and engines patrolled throughout the night to knock down any hot spots. At 22:10 A/A reported the fire to be 1100-1200 acres. Nulato #1 Crew will arrive the morning of 6/16. A Type 2 Long Team has been ordered for delivery 6/16 as have 5 T1 crews.

The fire was reported as trees on fire behind the Harley Davidson shop. One Forestry engine responded as well as Central FD. Upon arrival of Central FD they found a tree on a powerline smoking with a 50 x 50 grass fire moving up the hill. They took action on the grass fire and all units waited for MEA to arrive to shut off power to the powerline. The fire was turned over to the Forestry engine who took action on the powerline. The fire was contained, controlled, and placed in monitor status.

The smoke jumpers were demobilized and returned to the rotation. Fairbanks 2 crew arrived in two groups. A support tender was used for water shuttle. The smaller of the two spots .5 acres was wetted down and will be gridded in the morning. The larger of the spots 1.5 acres has interior heat which will be extinguished during the next operational period. Gridding is planned by late tomorrow for the larger spot. Containment was reached at 17:30. ATV activity in the area was the probable cause.

The fire activity increased today due to lower RH and higher temperatures. With the predicted Red Flag warnings in the area for strong winds and lower RH we expect to see similar activity throughout the week. Both the Northern and Southern ends of the fire had backing, single tree torching, and occasional group tree torching was observed. One helicopter assisted fire personnel with recon and mapping missions, along with transports to the newly established ICP in Chisana. Tomorrows plan consists of structure protection, recon, RAWS maintenance, and keeping an eye on growth and direction of spread.
