Two Forestry engines were requested to respond by Chugiak FD for a report of multiple fires in the median. Chugiak FD had put them out before Forestry arrived but asked that they continue to patrol the area. When Forestry arrived they assisted to determine the cause which was from a vehicle. The fire was contained, controlled, and called out.

 Name: **Volkmar River** Cause: Lightning

Air attack B-89 observed active fire on 314. Tankers with retardant were ordered and three single engine tankers, seats, were ordered. One load of jumpers deployed. The fire was boxed in with retardant and the seats knocked down the flames. The jumpers established a hose lay and will work toward the heat in the interior. The interior will require much work to control. Expected demobilization in a couple days.

Spot fires along the Cummings Road side of the Tanana River started in the early morning. Dozers, engines, tankers, and ground personnel worked all shift on containing and extinguishing the multiple spots. The fire behavior near Healy Lake was smoldering and creeping. This reduced the danger to structures and cabins. Good progress was made on the spot fires after a very long operational period.

Resources on the fire utilized ASM A-4, T-42, T-47, T-49, T-52 and Scooper T-260 to limit the fire spread on the north, west and east flanks. Tankers completed 14 total drops and utilized Scooper T-260 to the end of shift. A recon with helicopter 293LF provided more accurate acreage total. Bucket work with helicopter 307MH held the fire in check while VFD engines provided structure protection for commercial/residential structures along the Sterling Highway. Cooper Creek Campground remains closed to public use. Incoming resource will be used for direct line and hose lay construction. Planned transition to the Type 2 team will take place 6/19 at 1600.

Hotshot crews continued to establish control lines today with the assistance of 3 Dozers added for suppression. Other personnel on the line continued to mop up around structures in the Kenai Keyes subdivision, Feuding Lane, Zenith Street and Card Street. Fire behavior remained active today with single tree and group torching, short runs and spotting up to ½ mile. Critical resource needs are now 3 additional type 1 IHC and Bear Guards for crews out on the line. Crews burned out along the Skilak Lake road with the dozers constructing control lines in Division K. The evacuation of the Skilak Loop area remains in effect as crews continue suppression efforts. Air tankers continued to work the higher risk areas and hot spots of the fire. Tomorrow will be a transition day as the Washington State Type 2 Incident Management Team/Allbee will take over management of the incident.

Temperatures into the upper 80s and low RH values again tested the fire, which exhibited minimal perimeter growth. The fire was smoldering with some flames in black spruce and spruce/hardwood mix with isolated torching and group torching interior and in some areas along the perimeter. Crews and engines continued to work towards a 300' mop-up standard around structures within the perimeter. Progress was made securing the north, east and southern edges of the fire for a total of 5% containment. Plans for tomorrow include reducing the size of the TFR and evacuation area in conjunction with the borough EOC.

Fire personnel continued to work the large interior hotspot on the Northern side of the fire. Extremely dry and receptive fuels are hindering the progress in suppressing the fire. High percentage of probability of ignition has required extreme diligence in mop-up efforts. Nikolai crew was mobilized and put into place on the fire today. Plans for tomorrow consist of securing the west flank of the fire, and to also conduct a burn operation if the weather conditions are allowable.
