 Legal: 023S 029E 18 K Out Date:
 #733 Owner: Tribal Unit: AKDYN-Doyon, Limited
 Name: **Bear Island Lake** Cause: Lightning

The fire was reported by detection aircraft 909AK who reported it as approximately 800 acres, running in black spruce and tundra. The fire was spotting, and had isolated group torching in some areas. Helicopter 212HL launched from McGrath to provide structure protection on a cabin in the vicinity of the fire, while J-66, T-52, and LP-0AK were all launched to provide site protection on the Telida RAWS site. T-52 provided one drop of retardant in a triangular pattern around the RAWS site, and J-66 deployed 4 jumpers to help support aerial efforts. Ground personnel plan on brushing out 50-75 feet around the site, and tentative demob is set for the afternoon of 7/12.

Observed fire behavior was active today with surface fire and single/group tree torching; a column developed from the burnout operation DIV T.

Warm, dry weather with thunderstorm potential will pose additional challenges in the next operational period.

DIV A&V&W - Complete fireline along the southern perimeter; patrol and hold to minimize escape. Air tankers were used today along the western end of DIV A.

DIV G - Monitor by air, look for opportunities to gather intelligence and assess values at risk. Heavy helicopters conducted bucket work to minimize spread.

DIV T & U - Identify and implement opportunities to secure perimeter to protect the Alyeska Trans-Alaska Pipeline, Tatalina, Globe Creek and Elliot Highway. Continued ground and aerial firing operations adjacent the Pipeline in DIV T to protect the values at risk to the NE.

 Name: **Whitefish Lake 1** Cause: Lightning

This fire exhibited the most activity of all the fires in the Aniak Complex today, most of the activity being observed on the southwest side by the river. A squad of Payson worked around one structure that was near a finger of the fire, while other personnel continued to construct direct line and mop-up operations around another structure. Plans are to continue constructing fire line 200 ft. out from the cabins in the vicinity.

Dispatch received multiple calls for smoke visible off the north shore of Tustumena Lake. Helicopter 212TH flew a recon flight of the fire. On arrival, fire was classified as rank 1, creeping with no structures threatened. Fire was estimated at 0.25 ac with 30% active perimeter and is burning in the old black of the Funny River Fire, creeping around in stumps, dead and down. Winds were light out of West 1-3 mph. Fire remains in monitor status.

The fire was flown by 909AK on a detection/recon mission. They reported the fire to be 90% active on the east flank, backing into an east wind with individual and group torching and some crowning. The fire had progressed quite a bit south since it was last mapped. The fire was flown again later in the afternoon and there was a marked increase on the east flank, showing 100% active on that side. The fire will continue to be monitored.

DOF received calls of additional fire activity occurring today due to drying conditions. The fire was flown by 35E who reported the fire to have increased by 25 - 30 acres. The fire is active on the northern and southern boundaries of the fire. On 7/12/15 Rangers will go into the campground area and issue trail closures due to the increased fire activity. At 1900 additional reports were received and H-633 flew the fire and found that there was active burning to the east and west sides of the fire. The fire is creeping and backing into drainages and into an old burn in other areas with areas of heat interior of the fire area.

H-212HL went to wet cabin and do some prep work but due to poor visibility conditions were unable to reach the location. The fire was flown by detection aircraft 909AK in the evening. They reported the east flank is backing in spruce, the south and east flanks both creeping in mixed hardwoods. The west and north portions of the fire were unable to be seen due to smoke conditions. The fire will continue to be monitored.

Dispatch received multiple calls of fire activity and a dark smoke plume near the mouth of Skilak Lake and Kenai River. 212TH flew the fire in the morning and again during the afternoon due to the multiple reports. DOF personnel patrolled Skilak Loop and also checked for smokes on the south side of the river. The active area near the mouth of Skilak Lake is burning in the green with group torching visible. No structures are threatened and the fire remains in monitor status.
