PNJTB0 Legal: 014N 019E 30 C Out Date:
 #393 Owner: BIA Unit: AKAKA-Native Allotments
 Name: **Long Lake** Cause: Lightning

Continued drying of fuels and continued heavy winds are a concern. Fire activity increased substantially on areas where solar radiation can align with wind. Using two Fire Bosses and helicopters with buckets protected values at risk that were immediately threatened. Progress has been challenging due to long travel distances to the line. This has limited the time for line construction and mop-up. Structures have been plumbed and Management Action Points established.
