Fire activity has increased with creeping, smoldering and group torching observed. Fire continued to spread to the north along the Koyukukat at Long Bend moving towards Fish Creek, and on the SE portion along Indian Creek. Plans are to provide point protection for Hughes and adjacent values at risk along the Koyukuk River corridor and monitor fire spread and activity on the Isahultila #471 fire. Allotment protection north of Hughes has increased the need for river travel and personnel. Smokejumpers will prep the Utopia site and provide river logistics with a zodiac and operator. This fire is part of the "Hughes Fires" and will be managed and monitored along with fire #471.
