Crews continued to mop-up around the perimeter of the fire, concentrating on 200 feet in. Helicopter 703NP helped with suppression efforts by providing bucket work, and the spot that occurred on 8/31 was completely extinguished. Fire behavior observed today was creeping and smoldering, with a lot of ash pits in the dead and downed fuels. Six members of the White Mountain Crew were mobilized to a new fire, and plans for tomorrow are to continue 100 percent mop-up on the fire.

The fire's containment has increased to 30%. The fire's behavior today was minimal, smoldering. The winds reduced enough to enable fire personnel to recon the fire by air. On the north flank crews continue to secure the perimeter to meet the tactical objective, on the southern end equipment began to water bar where able. There was one non-emergency medical transport. Falling teams continue to assess and mitigate hazard trees ahead of crews. Logistics continues to be a challenge due to fire's isolated location, limited resources and weather. The fire's public information officer held a press conference and participated in a radio talk show.
