 Name: **Leaf Lake** Cause: Human

Aircraft 909AK was launched from Palmer at 0930 to do a recon flight of the fire to help develop a plan of action. The fire was slowly progressing with no active flames, but as the sun came out it continued to become more active. Helicopter 702NP was launched from Palmer, along with J-12 from Fairbanks. Seven smokejumpers were deployed to begin suppressing the fire. M-3 was dispatched to the cabin and surrounding structures. H-720NP assisted in suppression efforts with bucket work throughout the majority of the day, and H-621SH was ordered. Plans for the night consist of utilizing personnel to work the line around the fire and plans for tomorrow are to utilize both helicopters to do bucket work on the fire starting in the morning into the afternoon. Updated acreage due to GPS mapping of the fire perimeter.
