The fire exhibited minimal fire behavior, receiving a non-wetting rain in the area in the afternoon. Crews and personnel on the fire worked to improve the line to the southwest of H-5 as well as improving around allotments. H-621SH reconned the fire in the evening. The fire was reported to be showing pockets of heat in the timber to the north, with more heat and smokes between H-5 and the southern end of the fire. The plan is to continue improving the line moving southwest of H-5 as allotment work is completed.
