The Kotzebue Flight Services called Galena dispatch with a report of two fires N-NW of Kavilina from a private pilot. The pilot stated seeing two smoke columns, one of which was big and the other smaller in size. B-4 was launched out of Galena and arrived on scene around 1830. The fires were both similar in size and behavior. This fire is located about a mile northwest of the other fire and just west of the river.

Crews were focused on continuing mop up 300 feet in and working on hot spots. Attention was paid to multiple smokes throughout the day as the fire experienced high winds. Planned demobilization is still in effect for fire personnel. Two crews were demobilized today and the remaining crews will be demobilized throughout the upcoming weekend.

 Name: **Big Mud** Cause: Lightning

Fire personnel performed burnout around structure successfully. Fire spotted across Big Mud Creek later on and Zone surveillance aircraft flew a reconnaissance mission over the fire per IC request. At the time of report the fire was still very active and acreage was adjusted accordingly by aircraft. IC put in another Para-cargo order for more supplemental equipment for further burnout/protection plans. Fire reported light precipitation today while noticing strong convective cloud build-up but favorable winds for burnout operations.
