Inability to fly in crew has slowed mop up progress. Personnel are establishing line around the fire and continuing mop up efforts 50' into fire with minimal heat found.

J-66 responded to fire but was unable to deploy due to high winds. Air Attack 35E, Firebosses 208 and 209 responded to the fire to make several water drops, reported it was successful in slowing the fire progress before heading to Fort Yukon to refuel. J-66 made a second attempt to deploy smokejumpers but the winds were still too high and they were diverted to fire 320. Later in the day J-12 was dispatched to the fire but was also unable to jump due to high winds.
